the war over to South Vietnam is the only course that can be pursued now, Hebert told newsmen.

But, he said, if his and Rivers' advice had been followed, the war would have ended in U.S. victory five years ago.

"We'd have bombed North Vietnam—we'd have destroyed anything of value to the enemy," Hebert said. "Haiphong harbor would have been the first thing hit. What makes the military-industrial complex in North Vietnam so sacrosanct?"

He said Nixon "inherited a sorry and unholy mess" and "he's pursuing the only policy he can: get out with honor."

"It's a military no-win policy," Hebert said, "but that's what was handed to him."

At the same time, the prospective House chairman said, "I'm not going to be policeman for the world," and suggested U.S. commitments abroad should be reassessed.

"The draft will not end," Hebert said flatly, and he added Nixon's proposed volunteer Army will not work because "you don't have the volunteers."

The House committee's first business next year, he said, will be to approve a bill extending the draft beyond its June 30 expiration.

Basques Swear Vengeance on Judges

By FENTON WHEELER Associated Press Writer

BURGOS, Spain (AP) — Basque nationalists swore vengeance today against the military judges who sentenced six Basques to death and nine others to a total of 351 years in prison.

"There will be retaliation," one member of the Basque terrorist organization ETA warned after the court handed down the sentences Monday. He singled out Capt. Antonio Troncoso de Castro, the legal adviser to the court-martial, and another ETA source said of De Castro: "He better have a bodyguard."

Denunciations of the death sentences and appeals for clemency poured into Madrid from around the world, and Basque sympathizers or foes of the Franco regime held demonstrations in cities throughout Europe.

Some led to violence. In San Sebastian, the Basque capital on Spain's northern coast, youths roamed the streets Monday night overturning cars and smashing windows. A bomb exploded in front of the Spanish Consulate in Rome but caused no significant damage. More than 200 demonstrators broke into the Spanish Embassy in Brussels and ransacked some of the rooms.

Defense lawyers for the 15 Basques filed appeals to the military commander of Burgos, but it appeared unlikely that he would accept them. If he does not and signs the death warrants, only clemency from Generalissimo Francisco Franco, the Spanish chief of state, can stop the executions before a firing squad.

Franco, facing his worst crisis since the Spanish civil war, met with his Cabinet to discuss whether he should commute the death sentences.

Announcement of the sentences brought new appeals for clemency from the Vatican and the governments of Italy, France, Australia, Denmark, Norway and Belgium.

There was no word from Washington of any intercession by the U.S. government, a major military and financial ally of the Franco regime. But Pete T. Cenarrusa, Idaho's secretary of state and of Basque origin himself, said the State Department told him it would "do something" if the death sentences are not commuted. Attention in Washington was directed to the sentencing of two Jews to death in the Soviet Union for plotting to hijack an airliner.

Denunciations of the Spanish death sentences came from the World Council of Churches, the International Commission of Jurists in Geneva, the Spanish Basque government-in-exile in Paris, and six French Nobel Prize winners.

MANAGEMENT (From Page One)

as a matter of law, that management negotiate benefits for retired workers.

The importance of the case is underlined by the fact friend-of-the-court briefs were filed on management's side by the National Association of Manufacturers and the U.S. Chamber of Commerce, and on the NLRB side by the AFL-CIO, the United Auto Workers, the Steelworkers and Transit Workers.

The case dates back to 1965 when the federal medicare law was enacted and Local 1 of the Allied Chemical Workers of America asked Pittsburgh Plate Glass Co. to renegotiate medical benefits for its 190 retired employees.

At the time Pittsburgh Plate, under a 1964 agreement, contributed \$2 a month to medical insurance premiums of retired workers.

Rather than bargain with the union, however, the company offered to pick up the \$3 monthly medicare costs for any retired workers who would drop out of the company medical insurance plan. Fifteen accepted the offer.

The union complained the company was guilty of unlawful refusal to bargain, and the NLRB agreed. The appeals court, however, reversed the NLRB, and held that retired workers are not employees as defined by the National Labor Relations Act.

The court is not expected to decide whether to review the case for several weeks.

CHUCK WARD

There will be a revival at the First Baptist Church in Emmet starting Wednesday, December 30 through January 3.

Chuck Ward, a junior at Ouachita Baptist University, will be the evangelist. Greg Greenway, a freshman at OBU, will direct the music, and Tommy Thomason, a senior at OBU, will be accompanist.

The theme of the meetings is "Life—From God With Love."

Special guest during the week include: Margie Royston, Miss Congeniality at the Miss Arkansas Pageant; Dr. Gilbert Morris, Chairman of the English Department at Ouachita; Dr. Jon Leim, a dentist from Hope; Jim Kelley, Student Body President at Ouachita; The New Life Singers, a Christian folk singing group from First Baptist Church in Hope; and the youth choir from Calvary Baptist Church in Hope.

There will be fellowships for the young people following each service and a New Year's Eve watch night party December 31. Services start at 7:30 each evening.

NEW YORK (AP) — William Archibald, 53, playwright best known for the 1950 Broadway hit "The Innocents," died Sunday of infectious hepatitis. Archibald teamed with Truman Capote to write the script for a 1961 movie version of the drama which was based on a novel by Henry James.

EVANSTON, Ill. (AP) — George F. Salerno, 61, president and chief executive officer of the Salerno-Megowan Biscuit Co., died Sunday. Since 1952, he had headed the company founded by his father in 1933. Salerno also was vice chairman of the executive committee of the Pabst Brewing Co.

Wants Good U.S. Relations

SANTIAGO, Chile (AP) — Cyrus Eaton, 87-year-old Guio industrialist, says Salvador Allende, Chile's new Marxist president, wants to have good relations with the United States "and all the countries of the world."

Eaton talked with newsmen Monday after an interview with Allende lasting about an hour.

"I think he is a forceful man," Eaton said. "I think he is a straightforward man." He counseled the U.S. government not to take an aggressive attitude toward the Allende regime.

No Election Needed at Lockesburg

LITTLE ROCK (AP) — The attorney general's office said Monday the Lockesburg School District would not need to elect members of its school board in March.

The district elected its entire board at a special election Aug. 25 pursuant to an order from federal court at Texarkana after the Sevier district was merged with the Lockesburg district.

Although the board members have been serving since August, they were elected to regular terms of office that begin in March, the opinion said.

In other opinions, the attorney general's office said that: —In a general election, clerks and other election officials do not receive double compensation simply because candidates for municipal offices were on the same ballots as those for county, state and national offices.

—A city can apportion 10 per cent of its fines and forfeitures for violation of city and state laws to its policeman's pension and relief fund.

—A mayor of a second-class city who is elected by the city council to fill a vacancy will serve until his successor is duly elected and qualified for office.

—A county clerk needs to keep warrants for only two years after their cancellation, and marriage license records for only one year after issuance.

Arson Linked to NLR Fire

NORTH LITTLE ROCK (AP) — North Little Rock Asst. Fire Chief Joe Venetta said Monday that arson was suspected in a fire that heavily damaged a six-story building here Sunday night.

The building was owned by Fones Brothers Hardware Co. of Little Rock and was leased to Adkins-Phelps Co., which subleased the building to the Arkansas Rice Growers Association.

There was no estimate of damage available.

Flouridation Group Claims 1,000 Sigs

FORT SMITH, Ark. (AP) — W. A. Bruce, president of the Pure Water Association of Fort Smith, said Monday his organization had obtained more than 1,000 signatures on a petition calling for a special election on an ordinance to flouridate the city's water supply.

Fort Smith residents rejected such a proposal several years ago, but recently the city's directors unanimously passed the ordinance.

Bruce said his organization would have the 3,029 signatures required to recall the ordinance within a matter of days. He said the association would meet Tuesday night to map out their antiflouridation campaign.

City Administrator Cliff Kehley said the ordinance would not take effect until late next month.

Caribbean Air Crash Under Investigation

CHARLOTTE AMALIE, V.I. (AP) — Federal investigators began an inquiry today into the crash of a Trans Caribbean Airlines jet in which a man and his son were killed.

Nineteen persons were hospitalized after the crash Monday of the Boeing 727 as it was landing on the Virgin Island of St. Thomas. The other 32 persons aboard were treated for minor injuries and released.

The Knud-Hansen Hospital said two unidentified bodies were brought to its morgue, and one apparently was a child's.

The bodies were believed to be those of John Vanyo of Murray Hill, N.J., and his son, Victor, who were listed by the airline as missing. Four other members of the family were among the survivors.

With the beginning of 1971 only four days away, it was the first fatal crash of a scheduled U.S. airline passenger flight in 1970, the National Transportation Safety Board reported. A total of 142 persons were killed in U.S. airline crashes earlier in the year, but they were on cargo, charter or ferry flights. The last previous fatal crash of a scheduled passenger flight occurred in November 1969 when a Mohawk Airlines plane hit a mountain near Glen Falls, N.Y., killing 14 persons.

The Trans Caribbean flight had originated in New York City and stopped in San Juan en route to the Virgin Islands, east

of Puerto Rico. Aboard were 46 passengers and seven crew members.

The plane "landed all right," said a witness, Juliet Parham of Queens, N.Y., "but suddenly something bounced away from the plane. It looked like a wheel. Then the plane bumped along the runway and seemed to be trying to take off again when it suddenly went to the right and up the hill. Then it exploded."

The passengers slid down the two evacuation slides through a curtain of smoke and flame. Firemen brought the flames under control more than an hour later.

The airport was closed for about three hours.

Jury Being Picked in Murder Case

PARAGOULD, Ark. (AP) — Jury selection was to continue today in the first-degree murder trial of Clyde Ray Glover, 37, of Paragould.

Only one juror was selected Monday as the trial resumed in Circuit Court here following a Christmas recess. Seven jurors were selected last week.

Glover is being tried in connection with the March 1, 1969 beating death of Judy Evans, 20, of near Rector.

Glover was convicted of first-degree murder in late 1969, but his conviction was reversed last June by the state Supreme Court on grounds that Judge Charles Littert erred by overruling challenges Glover's attorney made against four prospective jurors.

Antiwar GIs Ask Right of Free Speech

WASHINGTON (AP) — Two groups of antiwar soldiers, claiming they have been harassed by the military because of their views, have asked the Supreme Court to give servicemen the same rights of free speech and press enjoyed by civilians.

The groups asked the court Monday for the right to distribute antiwar newspapers and to hold peace meetings on military bases.

The principal target is an Army regulation that authorizes commanders to bar distribution at PXs, movie houses, service clubs and other military facilities of newspapers that are "a clear danger to military loyalty, discipline or morale."

One appeal, filed by a group from Ft. Bragg, N.C., claims some of the antiwar soldiers had their security clearances and were threatened with court-martial, reassignment and transfers to Vietnam.

The second appeal, filed by a group at Ft. Jackson, S.C., said "only this court can give fulfillment to the belief of these young men that their induction into the armed services does not carry with it the denial of their First Amendment rights as citizens of the United States."

Both groups said they have been intimidated and harassed in an Army campaign to suppress "GIs United Against the Vietnam War." This organization was formed at Ft. Bragg in early 1969 and since has spread to other posts.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — ABC turned two hours of prime time television Monday night into a giant canvas on which it attempted to sketch an upbeat portrait of the United States and its people at the beginning of a new decade.

The huge subject, under the title "The American Adventure," was tackled by putting the spotlight on Columbus, Ohio, and some of its citizens. The program's style was familiar. A successful business man epitomized the Horatio Alger legend and was an example of the community-minded executive. A clergyman talked of awakening feelings about religion among youth. The police chief described the operations of his "Bill-of-Rights-minded" force.

But confusion lay in its details and tangents: children learning to live with and love a computer; a short history of a race riot 18 months ago; a lecture by John W. Gardner, on Americans' involvement with their institutions. Suddenly the program would leave Columbus for California—for a bit about pollution control or urban renewal.

This free-wheeling approach gave the program its worst problems. A noble effort, it jumped all around and dragged at the same time. It was thoughtful, but somehow dull. Worst, it was grindingly talky since the producers handled most subjects by interviews and closeups.

Guy Lombardo, whose orchestra playing "Auld Lang Syne" is a New Year's Eve standard, will be playing out the old year and in the new on independent stations all over the nation.

NBC will revert to an old radio format. It will bring in name bands from various parts

The sanctuary of the Russellville First United Methodist Church was the scene of a wedding Saturday afternoon, December 26, when Miss Barbara Anne Rabb became the bride of James Patrick Martin. Rev. Charles E. Ramsay, pastor, officiated at the 2:30 p.m. double ceremony.

The bride is the daughter of 'Hello Dolly' Has Closed

NEW YORK (AP) — "Hello Dolly!", which wound up with Ethel Merman in the title role, closed Sunday after a record run for a Broadway musical, 2,844 performances. The previous record of 2,715 was held by "My Fair Lady." Still running is "Fiddler on the Roof," which has chalked up 2,610.

Two nonmusicals have exceeded the "Hello Dolly!" run. "Life with Father" lasted 3,224 performances, and "Tobacco Road" 3,182.

In the lead part, Miss Merman succeeded Carol Channing, Ginger Rogers, Betty Grable, Phyllis Diller, Martha Raye and Pearl Bailey.

of the country and have Ben Grauer as usual in Times Square to describe the crowds which seem to dwindle from year to year—cheering 1970 into history.

Carol Burnett really has a guest making "a rare television appearance." Rita Hayworth will appear on her Feb. 1 show. She previously faced the TV cameras only for an interview with Sandoz Vanocur in the early days of "First Tuesday."

Carol's catch was the result of the comedienne's spoof of Miss Hayworth in "Gilda," one of her hit movies. Rita saw it and telegraphed Carol that she loved it. Upshot was the beginning of negotiations that put her on the show.

Antarctica's coldest monthly mean temperature varies from 94 to 40 degrees below zero in the interior, according to Encyclopaedia Britannica.

Mr. and Mrs. William R. Rabb of Russellville and the grand-daughter of Mr. and Mrs. Fred F. Collins of Hope and Mr. and Mrs. Harry F. Rabb of Mena. The groom is the son of Dr. and Mrs. James Kenneth Martin of Phoenix, Arizona.

The altar was flanked with brass seven tiered candelabras holding burning white tapers. Accenting the candelabras were large basket arrangements of white gladioli and white pom pom mums. Family pews were marked with winter greens, white button mums and white satin bows.

Mrs. Doug Roberts of Russellville, organist, played a prelude of traditional wedding music.

The bride was escorted to the altar and given in marriage by her father. Her wedding gown was an empire a-line silhouette of white satin with bishop sleeves and a scalloped neckline. The fitted bodice and sleeves were of Peau d' Ange lace and the front of the bodice was accented with tiny satin buttons. The bishop sleeves were adorned with a cuff that came to a point on the bride's hand. The detachable chapel train was trimmed with matching lace that scalloped around the edge and down the center of the train. A row of satin buttons, the same that adorned the bodice of the dress, flowed down the center of the train. She wore a tiered elbow-length veil of illusion attached to a headpiece of satin loops, chiffon points accented with silk sprays of lily-of-the-valley.

The bride carried a traditional cascade bouquet of stephanotis, white satin ribbon tied in love knots, and a white orchid surrounded by rare Eucharis lilies, tropical specimens.

Miss Polly Crowley of Russellville was maid of honor. Bridesmaids were Miss Becky Clark of Escondido, California and Miss Patti Porter of North Little Rock. The bridesmaids wore deep aqua peau de sole floor length gowns of the empire, a-line silhouette design. The gowns featured long sleeves, a round neckline and were accented with matching alencon lace. Their head pieces were double, flat bows accented with matching aqua tulle. They carried bouquets of daisy mums, with aqua tulle and ribbon incorporated in the bouquets.

The groom was attended by his father, Dr. James K. Martin. Groomsmen and ushers were Terry Martin, brother of the groom, of Phoenix, Arizona and Keith James of Little Rock.

For her daughter's wedding, Mrs. Rabb chose a beige crepe dress accented with an overcoat of matching chantilly lace and beige silk shoes. She pinned at her shoulder a corsage of cymbidium orchids. Mrs. Fred Collins was attired in a pink dress with matching accessories.

The groom's mother wore a green dress with matching accessories. She also pinned a corsage of cymbidium orchids at her shoulder.

Following the ceremony a reception was held in the church Fellowship Hall.

FTC Questions the Digest's Sweepstakes

WASHINGTON (AP) — The Federal Trade Commission today challenged the so-called sweepstakes promotional practices of Reader's Digest.

The agency announced a proposed complaint charging 11 such promotions from 1966 to 1969 claimed the winners would get 689,293 prizes worth \$5,645,000 but only 274,282 with approximate retail value of \$2,530,700 were awarded.

The FTC said it intends to seek an order requiring all future contests result in award of all prizes as represented, and that the exact number of the awards with their approximate retail value and the odds of winning each prize be clearly stated.

In addition, the order would require that the firm—Reader's Digest Association, Inc., Pleasantville, N.Y.—not give out the purchasers' names and addresses for promotional purposes without prior written consent.

The FTC's complaint says millions of numbered tickets—some designated as winners, others as losers—were mailed to prospective buyers of the magazine and other products, with the recipient directed to return the ticket to be checked against a list of winners.

The complaint charges winners who thought they only had to mail in the ticket to obtain a prize "were asked to or had to comply with previously undisclosed terms and conditions."

YOUTH'S EYE VIEW OF WOMEN'S EQUALITY

Dear Helen:

I think women's lib is kind of like midt skirts: Fine for those who want the new style, but please don't force it on all of us!

I'm afraid that if the equal rights bill passes, it may louse things up for us girls who dream of marriage as our big career. Personally, I want a man who will support, protect, shelter and yes, even pamper me. I don't hanker to work after marriage or

serve in the armed forces or compete with men, or even make big decisions, and this legislation might force me to.

I don't want to excel in business and always be sharp and smart and able to talk about anything. Even at 16, I like women's magazines. Cooking is fun. Children are great. My ideal is a loving husband, babies, a nice home—and the right to stay in it. "Equality" threatens me!

I admire career girls, but I don't envy them. If laws are changed so women aren't protected, well, we'll be getting equal pay, but we'll have to work for it! Hasn't anyone thought about THAT? —HOME AND FAMILY CAREER GIRL

Dear HAFCC:

Find the right man and no law can change you from homebody into career girl—at least no law presently considered.

But be sure the husband you choose shares your views! —H. Dear Helen:

With all the controversy about women's liberation, I'd like to share something I read.

In "Keeper of the Springs," Peter Marshall, the late U.S. senate Chaplain, said that for 19 centuries, since the birth of Christ, "womanhood has been recognized by men as a sacred and noble thing; that woman is of a finer clay. . . So it remained for the 20th century, in the name of progress, tolerance, broad-mindedness, and freedom to pull

her (woman) down from her throne and try to make her like man. She wanted equality; for 19 centuries she has been superior. But now, they said, she wanted to be equal; and to obtain that equality she had to step down. . . So, in the name of tolerance, woman now has the right to become intoxicated, to have an alcoholic breath, to smoke, to work like a man and to act like a man—for is she not man's equal? "Today this is called progress. But, no nation has ever made progress in a downward direction; no people ever became great by lowering their standards, or good by adopting looser morals." —MARY, AGE 15

Dear Helen: After looking for jobs and discovering how little women are offered, or paid—even with college degrees to back up their qualifications—I say, "Give me Liberation, or give me debt!" —KATHY

Your response was irrelevant to the question about reincarnation, and I beg to complain! The man asked "Are you interested in 'coming back?'" and you said, "Heck, I'm not even interested in GOING!" That's evasive!

People write and you're not interested. If you mean you don't believe in it, say so! —FOR AN INTELLIGENT ANSWER

Dear Helen: ..Maybe not reincarnation, but about resurrection—I'm sending you this religious booklet. . . LIFE AFTER DEATH Dear Readers:

The sound you hear is Helen, frustrated humorist, gnashing her teeth! —H.

Irish Admit They Are Going All Out

By DENNE H. FREEMAN
Associated Press Sports Writer
DALLAS (AP) — "We're going to get 'em this time."
That's the word from Tim Kelly, Notre Dame's stellar line-backer, who wants to close out his college career with a victory over No. 1 ranked Texas in the Cotton Bowl New Year's Day.

"We made way too many mistakes last year and the best team won," said the Springfield, Ohio center. "This will be the emotional game of the year for us. You can already feel it on the team."

Kelly was one of the victims of Texas' three long touchdown drives last year in a 21-17 Cotton Bowl victory over the Fighting Irish, making their first post season appearance in 45 years. "They hurt us on the option with the pitch man," he said. "We got mixed up in some of our assignments."

The 6-foot-1, 225-pound Kelly said "The critical series in the game for us defensively will be the first series in the first and third quarters. If we do well, we'll be OK the rest of the game."

Kelly said he was impressed with All-America fullback Steve Worster and running back Jim Bertelsen of the Longhorns.

"You have to hit Worster high to stop him," Kelly said. "It also helps if you gang tackle him. Bertelsen gives you a good straight arm. That's a lethal weapon the way he uses it."

"They have a faster team than you think. Their backs can turn on the jets."

Kelly said the fact Notre Dame is a six-point underdog

right now doesn't make any difference.

"That will be changed by game time," Kelly said. "Texas Coach Darrell Royal will change the tide before kickoff. I wouldn't doubt that he will have everybody believing we should be favored. Royal is also very good at getting a team psyched up."

Texas arrives in Dallas today after a brief morning workout. Notre Dame has been here since Saturday getting used to the Cotton Bowl's artificial turf.

Alcindor-led Bucks Swamp the Royals

By THE ASSOCIATED PRESS
The Lew Alcindor-led Milwaukee Bucks, sporting the best record in pro basketball, reached another plateau Monday night.

The Bucks, paced by Alcindor's 17 first period points, swamped the Cincinnati Royals 137-114 and increased their National Basketball Association Midwest Division lead to six games over the idle Detroit Pistons. It was Milwaukee's highest point total of the season.

Alcindor, the NBA's leading scorer, finished with 29 points as the Bucks captured their 28th victory in 34 starts.

In the only other NBA game, San Francisco trimmed Atlanta 115-104.

In American Basketball Association play, Pittsburgh nipped the Floridians 109-107 and Memphis tripped Kentucky 110-106.

The Bucks previous high was 134 points in a victory over Cleveland earlier in the season. Greg Smith added 26 while Bob Dandridge had 23 and Oscar Robertson 22 for the winners. Flynn Robinson had 22 points for Cin-

Toledo Wins Bowl But Loses Coach

By HUBERT MIZELL
Associated Press Sports Writer
ORLANDO, Fla. (AP) — Ex-Marine Frank Lauterbur has quit after 23 straight victories at the University of Toledo and today became head football coach of the Iowa Hawkeyes.

Word of the Big Ten job leaked out Monday and Lauterbur confessed the plans to his players last night before the Rockets thrashed William and Mary 40-12 in the Tangerine Bowl.

The former West Point and Baltimore Colts assistant coach replaced Clive Rush as Toledo's football chief in 1963 and, after a building period, produced an 11-0 season in 1969 and a 12-0 record this year.

Defense became king under Lauterbur as the Rockets rolled to two straight Mid American Conference titles and two consecutive triumphs in the Tangerine Bowl against champions of the Southern Conference.

The W&M Indians finished their year with a 5-7 record, gaining the bowl bid by taking the Southern crown with a 3-1 league showing.

Lauterbur's defense gave up six points to a bit of age-old

cincinnati

Nate Thurmond poured in 30 points, 13 in the first half as San Francisco rolled to a 65-44 half-time edge at Atlanta and easily defeated the Hawks. Pete Maravich led Atlanta with 29 points.

John Brisker hit on a layup with eight seconds remaining, snapping a 107-107 tie and sending Pittsburgh to its triumph. It extended the Floridians string of losses to five. Brisker led the Condors with 27 points while ABA scoring leader Mack Calvin topped the losers with 26.

Jimmy Jones hit a basket midway in the third period, putting Memphis ahead 69-68 and the Pros maintained their edge to the end. Jones finished with 26 points while Dan Issel led the Colonels with 28.

trickery to fall behind 6-0. The Rockets scored the next 40 points and William and Mary finally got touchdown No. 2 near the finish. With the lopsided victory, Toledo outscored its dozen victims in 1970 by a combined score of 384-88.

A W&M quick kick shocked the Rockets and when the ball glanced off the foot of Toledo's Gary Hinkson, the Indians recovered at the Rockets 39. The ancient maneuver led to a 10-yard touchdown gallop by Tod Bushnell that gave the heavy underdogs a 6-0 lead.

Sensational junior quarterback Chuck Ealey hit three passes for big gains as the Rockets scored on a 1-yard plunge by 235-pound fullback Charles Cole to take a 7-6 edge.

Toledo busted it open with marches of 87 and 86 yards in the third period. Tony Harris ran 15 yards to score one touchdown and Joe Schwartz busted up the middle for nine to get another. Ealey passed to Don Fair for a four-yard TD and scrambled three yards for another in the final quarter.

Lauterbur, who refused to go into the Iowa appointment, replaces Ray Nagel as Hawkeye head coach. Nagel was fired after a 3-6-1 record this year.

Stephens Joins Razorback Coaching Staff

NORTH LITTLE ROCK (AP) — Ken Stephens, who compiled a 67-26-4 record during eight seasons as head football coach at North Little Rock, has accepted a position on Frank Broyles' staff at the University of Arkansas.

Broyles made the announcement Monday. Stephens, 39, will report to the U of A immediately.

"Ken will be working with our freshmen," Broyles said. "We'll decide definitely in the fall what his other responsibilities will be."

The Wildcats won three conference championships under Stephens. This year they went 10-2, winning the AAAA title with a 7-0 record.

Grays in Win Over Blues at Montgomery

By ED SHEARER

MONTGOMERY, Ala. (AP) — South Carolina Coach Paul Dietzel's most crucial decision for the Blue-Gray football game may have been made last week when he named his own quarterback, Tommy Suggs, as the Gray starter over the more publicized Bill Montgomery of Arkansas.

By the time Montgomery left the bench in the second period, Suggs had built a 14-0 lead with two touchdown passes as the Southerners rolled to a 38-7 victory, greatest rout in the history of the 32-year-old event.

Suggs, who packs 190 pounds on his 5-foot-9 frame, was named the game's outstanding player after rifling scoring shots of four yards to Tulane's Dave Abercrombie and 50 yards to Florida State's Don Pederson.

Suggs hit on 15 of 24 passes for 211 yards while Montgomery connected on only four of 16 for 43 yards.

"Tommy was more familiar with the plan than Montgomery and that is the reason that Bill might not have looked too good," said Dietzel. "If we had been running Arkansas' type offense, then you would have seen the real Bill Montgomery."

Dietzel, who has worked nine all-star games, said, "This is the best team that I have worked with in a game of this type."

A first period injury to the only center on the Blue squad, Tom Beard of Michigan State, forced a trio of changes in the offensive line. Beard returned to action in the third quarter and the Blues promptly drove 60 yards for a touchdown, a six-yard run by James Harrison of Missouri.

"We got behind and just couldn't put our game plan in effect," said Blue Coach Bobby Bowden of West Virginia.

Clemson's Jack Anderson scored two touchdowns for the South, each on three-yard runs, the last with only one second left in the game. He also booted a 50-yard punt out of bounds on the Blue two only one play before Tulane linebacker Rick Kingree, a second team All-American, intercepted a pass and returned it seven yards for a touchdown.

Bill Burnett Wins \$1,000 Scholarship

KANSAS CITY (AP) — University of Arkansas tailback Bill Burnett has been named one of 33 recipients of a \$1,000 NCAA post-graduate scholarship.

The scholarships were awarded for exceptional academic and athletic achievement.

To qualify for a scholarship, an athlete must have had a "B" accumulative grade point average for three years of classwork.

Royal Scared of Any Kind of Pass

By THE ASSOCIATED PRESS
DALLAS (AP) — Darrell Royal was asked Monday to assess his team's progress on pass defense and the folksy coach of the No. 1 ranked Texas Longhorns answered: "It scares hell out of me whether they throw it or we throw it."

But the dreaded word "Pass" may be a very big part of New Year's Day's classic Cotton Bowl rematch between Texas and Notre Dame, defeated 21-17 by the Longhorns last year.

In fact, Royal said "We worked hard on our passing attack" Monday.

Texas has been known to sting an unwary opponent that lines up nine men on the line of scrimmage to stop the run.

"You have to really watch it or they'll surprise you," commented linebacker Tim Kelley of Notre Dame.

Royal said Notre Dame's ace wide receiver Tom Gatewood presented a special problem to his defense.

"Gatewood sometimes breaks a pattern to go to an alternate route and Joe Theismann throws off schedule by scrambling around for extra time," Royal said.

7th Ranked Drake Upset by Niagara

By HAL BOCK
Associated Press Sports Writer
Drake was just beginning to reap the benefit of an eight-game college basketball winning streak when upstart Niagara threw a monkey wrench into the celebration.

The underdog Purple Eagles used a 32-point performance by Marshall Wingate to knock off Drake 87-77 Monday night and capture the Queen City Basketball Tournament at Buffalo, N.Y.

It was the first loss after eight victories for Drake—a winning streak that earned the Bulldogs seventh place on The Associated Press poll of the nation's Top 20 teams.

UCLA remained No. 1 and safe—at least until tonight when the Bruins face apparently over-matched William and Mary in the opening round of the Steel Bowl tournament at Pittsburgh.

Meanwhile, second-ranked South Carolina advanced to the final round of New York's Holiday Festival, thumping Providence 102-86 with John Roche throwing in 35 points and Tom Riker hitting 31.

That set up a championship showdown with Western Kentucky, which advanced to fifth place in this week's poll. The Hilltoppers won their eighth straight, knocking off St. John's N.Y. 86-67 as 7-foot Jim McDaniels poured in 36 points and pulled down 19 rebounds.

In Philadelphia's Quaker City Tournament, sixth-rated Pennsylvania used 27 points from 6-foot-8 Bob Morse to knock off Utah 86-78 and advance to the finals against Temple, which just hung on to top St. Joseph's 60-57 after blowing most of a 13-point lead.

lead in the final four minutes. In other games involving ranked teams, Louisville, rated No. 17 in this week's poll, shot 57 per cent from the field and walloped Bellarmine 102-76 with Jim Price's 24 points pacing the attack.

St. Bonaventure went to double overtime to knock off Bradley 86-77 in the Gator Bowl tourney at Jacksonville, Fla. The Bonnies, 13th in the ratings, take on Georgia Tech in the finals. Tech whipped Florida 69-58 in the opening game of the tourney.

Niagara's stunner over Drake rated as the top upset of the night.

Jeff Halliburton had scored 13 of his 20 points in the second half, keeping Drake neck and neck with fired-up Niagara. Three points separated the teams when Halliburton fouled out with 10 minutes left to play.

That set off Wingate those steady pumping pulled the Purple Eagles away and gave them the Queen City crown.

South Carolina ran rings around Providence, shooting off to a 10-0 lead at the start and coasting past the Friars in the Holiday Festival at Madison Square Garden. Roche, the Gamecocks' backcourt ace, directed SC's attack and keyed the zone defense that destroyed Providence.

Western Kentucky had similar zone success at St. John's expense in the second game with McDaniels dominating the boards and the scoring.

Penn, down one notch in this week's poll to make room for Western Kentucky's advance to No. 5, took it out on Utah in the Quaker City. Morse's steady shooting helped the Ivy team open a 20-point bulge and coast in.

John Richardson hit 24 points as Temple held off St. Joseph's, Pa., late rally to take the second game of the Quaker City.

Perhaps the most exciting game of the night was St. Bonaventure's double overtime struggle against Bradley in the opening round of the Gator Bowl Tourney.

Bradley's 5-foot-4 Frank Sylvester sent the game into overtime in the final minute of regulation time and then missed a chance to win the game in the first extra session when he muffed a foul shot with nine seconds left.

When Bradley was forced to go to substitutes as it lost its regulars on fouls, the Bonnies took control and pulled away in the second overtime. Paul Hoffman led St. Bonaventure with 23 points and Carl Jackson with 22.

In the Big Eight Tourney at Kansas City, Colorado held off Kansas State's last-ditch rally and won 59-56 after Nebraska had whipped Oklahoma State 71-58. Both winners advanced to the semi-finals against Iowa State and Colorado, earlier first round winners.

In the Far West Classic at Portland, Ore., Stanford knocked off Ohio State 78-74 in overtime with Chuck Moore's layup in the final 24 seconds the decisive basket.

In the second game, Oregon State beat Harvard 91-76. Here are the top 20 teams with total points based on 20-18-16-14-12-10-8-6-etc. basis. First place votes are in parenthesis?

Southern S. Downs AM&N, Reddies Win

PINE BLUFF, Ark. (AP) — Southern State defeated Arkansas AM&N 87-84, and Henderson edged State College of Arkansas 74-72 Monday night in first round action of the Kiwanis basketball tournament here.

Al Flannigan dumped in 25 points and grabbed 15 rebounds to lead SSC to victory over the Golden Lions. Joseph Bynes scored 23 points for AM&N.

State College led Henderson most of the game, but hot shooting by Mike Peterson and Danny Davis in the second half gave the Reddies the victory. Peterson scored 24 points and Davis 22. Davis' rebound basket with less than 30 seconds remaining gave Henderson the victory. J. T. Johnson led the Bears with 27 points.

In tonight's action, Henderson will face Southern State for the championship and AM&N will meet SCA in the consolation game.

Pro Golfers Have a Busy Year Ahead

NEW YORK (AP) — Pro golfers have a busy 1971 ahead of them.

Joseph C. Dey Jr., commissioner of the Professional Golfers' Association Tournament Player's Division, said Monday that a total of 63 tournaments are either scheduled or under negotiation for next year. And that does not include the Ryder Cup and World Cup competitions.

The \$250,000 Westchester Classic remains the richest event on the tour and one of eight tournaments carrying at least \$200,000 in prize money.

The tour starts with the Glen Campbell-Los Angeles Open Invitational Jan. 7-10 and concludes with the \$130,000 Bahama Island Open Invitational Dec. 9-12.

The PGA had 55 tournaments on its 1970 schedule.

Chamberlain Seeking That 20,000 Mark

NEW YORK (AP) — Wilt Chamberlain seeks tonight to become the second man in National Basketball Association history to reach the 20,000 rebound mark.

Chamberlain is just seven recoveries short of the mark and can make it tonight when the Los Angeles Lakers meet the Chicago Bulls in an NBA game on the West Coast. Bill Russell holds the Alltime NBA rebound record with 21,721.

Chamberlain has 693 rebounds this season and figures released today show him leading the NBA in recoveries with an average of 19.8 per game.

The leading scorer remains Milwaukee's Lew Alcindor, like Chamberlain a towering seven-footer. Big Lew is averaging 32.5 points per game. Boston's John Havlicek is second in the scoring race, averaging 29.6.

Johnny Green of Cincinnati has the best field goal percentage with .593, Oscar Robertson of Milwaukee is tops in free throw shooting at .866 and LA's Jerry West Leads in assists with 10 per game.

Cotton Bowl

Texas (10-0) vs. Notre Dame (9-1)

TEXAS

Darrel Royal's Longhorns have scored more points than any college team in the nation this year. Their ground game is relentless. Steve Worster, of course, is the workhorse behind an offensive line that has been superb. Tackle Bobby Wuensch has been outstanding. Defensively, end Bill Atessis and linebacker Scott Henderson have stood out. Texas comes into the Cotton Bowl stronger than it was last year at this time.

NOTRE DAME

The upset loss to Southern Cal may have brought the Irish back to earth. One thing that came out of it was the fact that quarterback Joe Theismann can't win games by himself. He was the individual star of that game, but the defense had, perhaps, its poorest game in many Notre Dame seasons. The Theismann-to-Tom-Gatewood passing combination will be clicking again, but it appears doubtful that Notre Dame's defense can contain the Texas ground game.

Prediction: Texas, 35-20.

33 Football Players Get Scholarships

KANSAS CITY (AP) — The National Collegiate Athletic Association named 33 football winners today of its \$1,000 post-graduate scholarship awarded for exceptional academic and athletic achievement.

Each had to have at least a 3.0, or "B", accumulative grade point average for three years of classwork to be eligible. Each also had to signify his intention to begin graduate work as soon as possible.

The grade point average of the 33 seniors is 3.44. The highest is 3.92 by Thomas C. Danaher, a chemistry major at St. Procopius College.

Others include Kenneth A. Anderson, high-scoring Augustana quarterback; Thomas L. Lyons, all-Southeast Conference offensive center from Georgia; Lawrence C. DiNardo, star Notre Dame offensive guard, and John P. Sande, Stanford's all-Pacific Eight Conference center.

This is the seventh year of the NCAA scholarship program. An additional 15 scholarships in basketball and 32 in other sports will be awarded later in the year.

The football winners also include:

Thomas B. Neville, Yale; Robert J. Holuba, Penn State; John R. Weisenfels, Missouri; David C. Elemendorf, Texas A&M; Ernest R. Jennings, Air Force; Willie C. Bogan, Dartmouth; Rex W. Kern, Ohio State; William A. Burnett, Arkansas; Ronald W. Lupton, Colby; William A. Sprecher, Lafayette; John N. Popham IV, University of the South; Joseph J. Cichy, North Dakota State; James E. Lindsey, Abilene Christian; Jay R. Gropper, Montana State; Stephen A. Endemano, Harvey Mudd; Richard B. Clogg, Simpson; Vernon W. Den Herder, Central College; James P. Lynch, Wesleyan University; John H. Churchill, Southwestern (Memphis); Matthew D. Haug, Murray State; Rick E. Lyon, Davidson; Timothy A. Priest, Tennessee; Donald S. Denbo, Tennessee; Jonathan C. Bull, Western Michigan; Barry L. Mayer, Minnesota; Willie F. Zapalac Jr., Texas; Robert S. Parker Jr., Air Force, and Robert P. Richards, California.

Garden on Verge of Getting Fight

NEW YORK (AP) — As far as Harry Markson, director of boxing for Madison Square Garden, is concerned, the proposed dream fight between Muhammad Ali and Joe Frazier has not yet been made.

But don't go away. The Garden appeared today on the threshold of landing the big fight but Markson remained noncommittal, saying, "It's always been our policy that no contract means no fight."

Apparently the signed contracts are the only thing the Garden lacks in locking up the bout, which could gross as much as \$10 million. Markson said that announcements saying the fight was set for March 8 were "premature" but the Garden is planning a midweek boxing news conference.

"Negotiations are continuing," said Markson. "There are a lot of things to be discussed. The fight is not yet a fait accompli."

Published reports Sunday said the fight was set, with Chartwell, a personnel management corporation in Beverly Hills, Calif., handling the closed-circuit television. When The Associated Press attempted Monday to reach Jerry Perenchio of Chartwell for a comment Monday, it was told he was not available.

"Mr. Perenchio is on his way to the airport for a flight to New York," the AP was told.

49ers Real Happy With Defense

SAN FRANCISCO (AP) — The San Francisco 49ers were too busy a week ago to waste time fuming over the Pro Bowl selections.

But now, after upsetting the Minnesota Vikings 17-14 Sunday, they're daring anyone to say their offensive line isn't the best in the National Football League.

And they're not too happy, either, about the National Conference coaches' defensive line selections for the all-star game next month in Los Angeles.

The 49ers, who face Dallas here Sunday for the NFC championship, have only four Pro Bowlers—quarterback John Brodie, receiver Gene Washington, linebacker Dave Wilcox and cornerback Jim Johnson.

"It's ridiculous," said assistant coach Ernie Zwaalen. "Our five linemen set a record when Brodie was dumped only eight times all year. How can it be that none was selected for the Pro Bowl?"

The Vikings got to Brodie once, and that wasn't due to a blocking letdown.

Guard Randy Beisler said later, "I misunderstood Brodie's signal and pulled out instead of blocking."

Persian War Favored for Hurdle Title

FAIRYHOUSE, Ireland (AP) — Persian War, winner of the Irish Sweep hurdle, today was made 9-4 favorite to become England's champion hurdler for the fourth time.

The seven-year-old bay gelding by Persian Gulf, out of Warning, collared the two miles "Sweeps" Race Monday by eight lengths from Lockyer-sleigh with Inishmaan six lengths away in third place.

Bookies immediately made Persian War the favorite to win England's champion hurdle at Cheltenham in the spring. He's already won the race three times.

Persian War's victory means that many people throughout the world will be \$120,000 richer. They were the lucky holders of Irish Sweep tickets on the winner.

Holders of tickets on Lockyer-sleigh and Inishmaan won \$48,000-\$24,000 respectively.

Prudery Can Jeopardize Health and Happiness

By LAWRENCE E. LAMB, M.D.

Many readers have asked about problems related to sex. The letters cover all age groups, including young teen-agers who are frightened by normal events to very senior citizens concerned with either their own or their spouses' reactions. Knowing what a fundamental aspect of life these matters are, I'm always startled when someone is upset when plain facts are given. I'm also astonished when someone risks his health or happiness because of misplaced modesty.

Sex is part of life and all the parts of the body are subject to disease and dysfunction. An infection is an infection whether it involves the sinuses or reproductive organs. It is always depressing to see a person let a cancer grow because of its location.

This problem isn't new in medicine. There was a time when the doctor couldn't even do a satisfactory examination or view the body of his patient. One famous physician who went ahead and did complete examinations defended himself against criticism with the sage observation that the disease was under the sheet, not on top of it.

A friend of mine recently reminded me of one of Billy Graham's comments on sex that puts the matter into proper perspective. Graham was asked about his attitude on sex. In his usual direct, wholesome approach he replied, "Why, I'm in favor of it. After all, lady, if it weren't for sex I wouldn't be here and neither would you."

Dear Dr. Lamb—My son, 16, passed a great quantity of blood in his urine over a 12-hour period. He was hospitalized and a series of tests run, including a search of his bladder, but nothing was found. What would cause this?

Dear Reader—Bleeding can occur from any point within the kidneys or the urinary tract. A complete examination, including a look into the bladder, is essential. The sudden occurrence of blood in the urine may be caused by a tumor and early diagnosis is imperative.

Birth defects of the kidney, inflammations, nephritis, injury, kidney or bladder stones, infection of the prostate and cystitis are among the causes for blood in the urine. Even some drugs cause it. Aspirin in large doses is a frequent offender. The drugs used to prevent blood clotting sometimes cause bloody urine.

Rarely, certain foods cause formation of crystals that lead to bloody urine. These are spinach, strawberries, rhubarb and tomatoes.

There is simply no way to

HELLO, ELSE.

I HAVE NEWS FOR YOU.

GET FUNNIER—OR ELSE!

During the Civil War, the nickname strawfoot was given to farm boys recruited in the Union Army who had trouble marching. This problem was solved by drill sergeants making recruits lay to the left foot and straw to the right foot. The World Almanac recalls. Marching commands were then given as "Hayfoot! Strawfoot!"

The late George Kaufman was one of America's greatest playwrights. He was also an avid bridge player. He added many touches of humor to the game—not by his play—but by his remarks. When speaking of today's South, George remarked, "There are two ways to tell when he has a good hand. First, his face lights up. Second, he does something wrong with it."

There was nothing wrong with South's bidding, although his partner was nervous when he saw that South was thinking about slam.

His play to trick one was also correct. He won the diamond lead with his ace. Trick two was a different story. He led a spade to dummy's king. At this point the contract had gone to that land from whence no traveler returns. The combination of the sure trump loser and four hearts to the king-queen in the West hand was too much for him.

Let's see how he could have made the hand. He should take his ace of spades

at trick two. Then he should follow up by playing ace and 10 of hearts. West would be in with the queen and would play the jack of diamonds. South would now lead the jack of hearts from dummy. East would discard and South would discard his last diamond. West would have nothing better to do than to take his king and lead a third diamond. South would ruff that, enter dummy with the king of trumps which had been preserved for that very purpose and discard his six of clubs on dummy's nine of hearts.

Suppose trumps and hearts broke some other way. Just check the possibilities. As long as trumps don't break 4-0 the hand is home.

Working on Percentage

LONDON (AP) — Elizabeth Taylor, who in the past has commanded a million-plus dollars for a single movie, is making "Zee and Co."—her first in nearly two years—for a percentage and expenses.

Miss Taylor, 38, said that in view of the difficult time the film industry has been having lately "you have to be realistic."

Her last previous movie was "The Only Game in Town," which she completed in March 1969. She had to shed 10 pounds to get in trim for the current production, being made at Shepperton Studios just outside London.

"I'm so bloody lazy, I think I should retire," Miss Taylor told an interviewer. "The unfortunate thing is I enjoy acting."

Citation was the first American racehorse to earn more than \$1 million for his owners.

Local Award Winning Conservationists

Troubles of Officials

—Frank King photo with Star camera
DAVID STILL

During the Monday luncheon hour Hope Lions enjoyed a movie presented by David Still, manager of the local Sears Roebuck mail order store. The movie was on the trials and tribulations of football officials. How and why various decisions were made was illustrated by flashbacks on real games. Sears Roebuck's sports department produced the movie and maintains a lending library for public groups. Guests were Bert Rose of New Orleans, guest of Y. C. Coleman and Jim Lockhart, Hope, guest of Leon Prescott.

LITCHFIELD PARK, Ariz.—Two award-winning conservationists, Moss Rowe, Washington, Ark., (left) and David D. Cummings, Patmos, Ark., (right) receive a western-style welcome from A.E. Patterson, farm tire sales manager, The Goodyear Tire & Rubber Company. The visitors are among 106 grand prize winners in the 23rd annual Soil Conservation Award Program, sponsored by the National Association of Conservation Districts (NACD) and Goodyear. The guests were here for a vacation-study program at Goodyear Farms and The Wigwam, country club resort.

Search for Missing Crew Continues

NEW YORK (AP) — A missing lifeboat today carried the hopes for rescue of 21 crewmen unaccounted for in the sinking of the Panamanian tanker Chryssi, which went down 270 miles southwest of Bermuda. A Coast Guard C130 aircraft from Elizabeth City, N.C., resumed the search for the missing boat and men at daybreak. Search conditions were reported to be excellent with unrestricted visibility.

Seventeen other crewmen including the master were picked up by the Norwegian ship Ross Mount after they were spotted Monday in a lifeboat some 82 miles from the last reported position of the Chryssi.

A Coast Guard spokesman said the Chryssi carried four lifeboats. One lifeboat was destroyed in launching, the second capsized and the third carried the 17 rescued.

The spokesman said it was hoped that the 21 men were aboard the fourth craft, which was unaccounted for.

Truth in Gas Measure Is Planned

By LAWRENCE L. KNUSTON
Associated Press Writer
WASHINGTON (AP) — The Federal Trade Commission is reported ready with a sort of "truth in gas" measure—the posting of octane ratings on service station gas pumps.

Such a ruling, first suggested to the FTC in 1968 by Sen. William Proxmire, would be issued and enforced over protests from the oil industry.

Industry contends the octane rating is only one important component of motor fuel. However, according to Capitol Hill sources, the FTC requirement is intended as a first step to help drivers figure the best kind of gas for their car.

Basically, the octane rating is the measure of the gasoline for burning smoothly without knocking. Knocking wastes power and fuel, causes noise, may result in extra doses of exhaust pollution, and engine damage.

Muskie Plan Tour Abroad

WASHINGTON (AP) — Sen. Edmund S. Muskie, D-Maine, says he will leave Sunday for visits to West Germany, Israel and Egypt.

The senator, a leading contender for his party's 1972 presidential nomination, announced Monday he planned to "talk with government leaders and individual citizens to broaden my knowledge and perspective on the interests and objectives of the three countries in relation to the United States, each other and other nations."

Trio Held in Canadian Kidnap Case

MONTREAL (AP) — Three men charged with conspiring to kidnap and kill Quebec's Labor Minister Pierre Laporte were in jail today awaiting resumption of a coroner's inquest next Monday into Laporte's murder.

Police investigating a flickering light in the window of a supposedly deserted house in a Montreal suburb early Monday found Paul Rose, 27; his brother, Jacques, 23; and Francis Simard, 23, in a tunnel 20 feet by 4 feet. They had eluded police for 2½ months.

Maurice St. Pierre, director of the Quebec provincial police, said they had been there for "quite a while" and had hoarded enough food to sustain themselves for many weeks more.

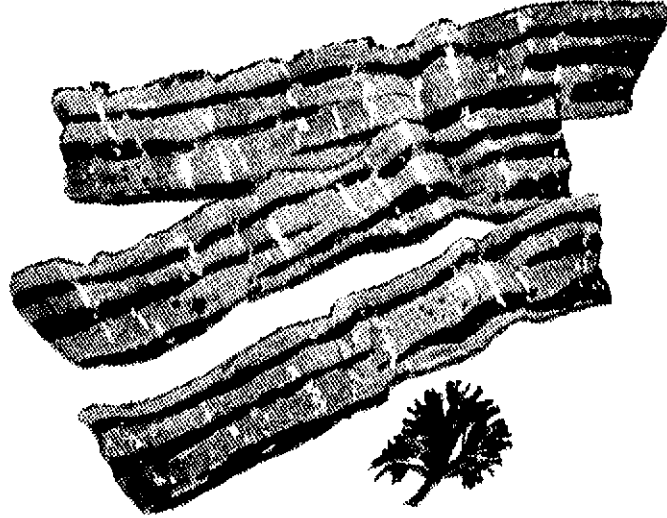

A man identified as Michel Viger was taken into custody with them, but Justice Minister Jerome Choquette said he didn't know if Viger would be charged. Police said Viger rented the farmhouse from a finance company two months ago.

Police had checked the house three times before but didn't find the hiding place. The Montreal Gazette said Viger finally showed the police where the fugitives were.

There were indications that the government was ready to loosen the restrictions of the War Measures Act, invoked Oct. 16, six days after Laporte was kidnapped and a day before he was strangled with a chain that held a religious medallion.

Our Daily Bread

Sliced Thin by The Editor
Alex. M. Washburn
Arkansas-Florida
Contrast in Sales
Tax Treatment

Gov.-elect Dale L. Bumpers in a speech before the Arkansas Legislative Council at Little Rock Monday outlined his priorities on the spending of existing state revenues—with education heading the list.

He reserved judgment, however, on possible tax increases until the General Assembly convenes Jan. 11—a reservation wisely made in view of the American public's expressed opposition to any and all tax hikes today.

But in the event it becomes necessary to make some increase I trust the governor will avoid raising the sales tax rate, or expanding sales tax coverage—tax extremists call it “plugging loop-holes”—until the existing sales tax structure is reformed to correct some glaring injustices.

As one who helped promote the original 2 per cent sales tax in 1933 and 1934, and spoke for its adoption at a legislative hearing in February 1934—just a month before final passage—I feel a continuing obligation to point out the abuses inflicted upon the sales tax in the ensuing years.

Unlike the graduated income tax, which is geared to a citizen's ability to pay, the sales tax levy is a flat one—meaning that the poor pay at the same rate as the rich. Under constant political pressure—there are lobbies to oppose most taxes, but no lobby to oppose a sales tax hike—the General Assembly usually turns to the sales tax as a last resort in its quest for more money . . . and justice be damned!

Let me illustrate by comparing the dissimilar sales tax policies of Arkansas and Florida, from which state I have just returned after a round of eye and dental surgery.

Arkansas started off with a 2 per cent tax rate with food, clothing, and medicine exempt. In 1941 these exemptions were wiped out. And in 1957 the tax rate was increased to 3 per cent across the board.

Florida, it is true, now operates with a 4 per cent sales tax—but food and medicine are exempt. That is, food is exempt when bought at the grocery store—but those who can afford to eat in restaurants and hotels have to pay 4 per cent tax.

In drugstores medical items are exempt, but in both grocery and drug establishments non-food or non-drug items are taxed. It sounds confusing at the cash register—but most citizens will recognize that Florida is fairer to the poorer citizens than Arkansas is.

If it can be shown Arkansas does need additional state revenue in the coming legislative session I am repeating here and now what I have been writing for years—leave the sales tax alone and hike the state income tax, which levies the tax load according to the individual's ability to pay.

In the last analysis, if anything at all is done with the sales tax I would accept the Florida plan of a 4 per cent levy with food and medicine exempt.

Justice may be dead or dying in America—but this is one editor who will defend fair play to the very end.

Gunshot Wound Proves Fatal

LITTLE ROCK (AP)—Bobby Wayne McLelland, 19, of Gurdon died Monday at a Little Rock hospital of a gunshot wound he suffered Christmas day at his home.

Officials said McLelland had received a .22-caliber pistol for Christmas and the weapon accidentally discharged while his wife was playing with it.

Plans to Join Thornton Staff

LITTLE ROCK (AP)—Pulaski County Deputy Prosecutor Lee A. Munson said Monday he would become a deputy attorney general after leaving the prosecutor's office Thursday.

Munson said that Atty. General Ray Thornton had named him to the attorney general's staff.

Management Talks With Retired Workers About Benefits Asked Strategy Is for Allies to Protect Own

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — Organized labor and the federal government are asking the Supreme Court to rule that unions can force management to bargain about benefits for retired employees.

The case affects directly only 190 retired employees in Ohio. But labor lawyers say a lower court decision, if allowed to stand, could touch retirement benefits for millions of workingmen and perhaps lead to disappearance of countless other subjects from labor-management bargaining tables.

Employers have for years been required to negotiate retirement programs for active workers, and many have bargained voluntarily to increase benefits for workers already retired.

Last June 10, however, the U.S. Court of Appeals at Cincinnati overturned a National Labor Relations Board decision and ruled labor could not insist, **See MANAGEMENT (On Page Two)**

Under this policy U.S. conventional forces will be smaller—probably around 2.4 million men instead of the present 2.9 million but they will be modernized. And they will be pulled back to the United States to the maximum extent possible.

Implementation of that policy has shown itself in a Nixon administration request for an extra \$1 billion in military and economic aid to a number of countries in Asia and the Middle East, in achievement of a commitment by NATO countries to upgrade their forces, and in planned withdrawal of about 325,000 U.S. troops from South Vietnam, Thailand, South Korea, Japan and the Philippines.

At the same time, the United States intends to maintain its strategic and tactical nuclear power at a degree strong enough to deter the Russians or Red Chinese from launching an atomic war.

Laird used the term “realistic deterrence” for the first time at a year-end news conference Monday.

He said in the coming year the administration will present “a new defense strategy of realistic deterrence which will address the nation's long-term national security requirements in the light of the strategic, fiscal, manpower and political realities we will face in the coming years.”

Pentagon officials said Laird chose to coin the term because he wanted to turn thinking in the country away from the old ideas of massive nuclear retaliation and flexible response.

At his news conference, Laird put it this way: “I believe that a policy of realistic deterrence places the major emphasis on avoiding war and maintaining peace.

Remarks That Irk the Folks Who Make Some New Year Resolutions

By HAL BOYLE
NEW YORK (AP) — Remarks that annoy people who make New Year resolutions: “How do you feel in your new halo? I didn't think they carried them in your size.”

“I give him two weeks, and then he'll be worse than ever.” “What good does it do to give up two bad habits one month if you come up with three more bad habits the next month?”

“I agree that you've got plenty of willpower, Harry. What you lack, I think, is won't power.”

“If you were really serious about two of those resolutions, you'd start right now by throwing that carton of cigarettes out the window and pouring all the liquor in the house down the sink.”

“Better take it a bit easy, Mike. If you give up all your bad habits now, what will you have left to give up for Lent?”

“You know what I wish you'd resolve, Horace? I wish you'd resolve to get up enough courage to ask your boss for a merit raise. How long do you think we can live paying this year's prices with last year's income?”

“I know a fellow who gave up all his vices at the same time.

Says Volunteer Army Plan Up to Congress

By BROOKS JACKSON
Associated Press Writer

WASHINGTON (AP) — Defense Secretary Melvin R. Laird says Congress—not the Pentagon—will be responsible if the proposed Nixon administration goal of a zero draft and all-volunteer Army is not reached before 1974.

Laird predicted Monday draft calls will drop next year but declined to estimate how much they would fall below this year's 163,500. He said there could be no draft at all in mid-1973—but only if Congress approves boosts in pay and benefits.

Congress turned down a 20 per cent pay raise for lower-grade military men this year, but Laird said increased pay and benefits will be included in next year's budget.

He said a volunteer Army of 2 million to 2.4 million could be reached in mid-1973 “if we can meet the timetable in Congress—increases in pay, housing and education” to compete with private industry for the manpower.

Congress also must approve Nixon's proposal to begin phasing out the draft when it expires next June 30th, but Laird did not mention this. The proposal has attracted little congressional support so far.

Links Kennedy Friend to Mail Scandal

WASHINGTON (AP) — The General Accounting Office has uncovered what could be “a scandal of major proportions” involving the role of a Kennedy family friend and aide in the transfer of mail service from rail to air carriers, a Republican senator said today.

Sen. Gordon Allott, R-Colo., said the GAO probe had confirmed his own repeated charges of questionable and possibly illegal activities on the part of William J. Hartigan, a former assistant postmaster general.

Allott told the Senate he was asking the Justice Department “to determine what, if any, action is appropriate.”

He said he also would ask the Department of Transportation, the Post Office, the Interstate Commerce Commission and the new Rail Passenger Corp. to explore means of returning mail delivery to passenger trains where feasible.

Hartigan was an associate of former President John F. Kennedy. He became a White House aide in 1961 and later that year was appointed an assistant postmaster general for transportation and international affairs.

Reynolds Is Cutting Back Production

RICHMOND, Va. (AP) — Reynolds Metals Co. said Monday it was reducing primary aluminum production at four of its facilities, including one in Arkansas, as a temporary move to keep inventories in balance with demand.

The company said production cutbacks were being made at Listerhill, Ala., Jones Mills, Ark., Troutdale, Ore., and Longview, Wash.

The reduction will involve about 13,000 tons of capacity per month, or about 11 per cent of the company's total primary metal available from domestic plants, overseas affiliates and other sources.

Plans to Stay With Policy of Rivers

By JIM ADAMS

WASHINGTON (AP) — Contending the United States should have bombed its way to a Vietnam victory when it had the chance, Rep. F. Edward Hebert has vowed to keep the House Armed Services Committee on the tough pro-military course set by its late chairman, L. Mendel Rivers.

The Louisiana Democrat, in line to succeed Rivers, who died Monday, also said the draft will not be ended, military spending must be increased with a modern Navy getting top priority, and he accused the military's critics of “ignorance and emotionalism.”

Court Orders Father to Support Child Who Lives Like a Hippie

NEW YORK (AP) — A prominent New York lawyer has been ordered to resume support of his 20-year-old daughter, even though he thinks her “hippie” life “stinks.”

If the father does not post a \$5,750 support bond, he may have to go to jail, ruled Family Court Judge Millard L. Midonick.

The Appellate Division stayed, pending a review, a 30-day jail sentence against the father, which would have been imposed if he had not given the bond by noon Monday.

The girl, a student at the University of Louisville, brought suit against her father after he stopped paying her tuition and other college bills. As is the practice in Family Court cases, neither has been publicly identified.

The father, “a prominent member of the litigating bar,” had acted, Midonick said, because of a “loss of confidence” in his daughter's educational progress.

He rejected the father's allegation that if he were compelled to pay, “any minor would be able to set up housekeeping away from home and scornfully badger the father by court proceedings to underwrite any manner of living approved by mindless courts.”

Appropriations Bill of \$1.8 Billion Is Passed in the Senate

By WALTER R. MEARS
Associated Press Writer

WASHINGTON (AP) — The Senate passed early today a \$1.8-billion appropriations bill providing \$255 million in assistance for Cambodia and \$500 million to help bolster the armed forces of Israel.

That bill was sent to President Nixon amid a burst of midnight speed that also produced an effort to settle the foreign policy dispute stalling the \$66.6-billion defense appropriations bill.

In a scant 10 minutes, the Senate dealt with two issues that have been among the legislative tangles blocking the path to adjournment of the 91st Congress.

Another controversy was unraveled earlier Monday as the Senate dropped welfare reform and trade legislation in an attempt to beat the calendar and salvage a \$6.5-billion-a-year increase in Social Security benefits.

The Social Security measure, on which a final vote could come late today, also would provide a \$1-billion increase in welfare payments for some 3 million aged, blind and disabled Americans.

But, with the 91st Congress expiring at noon Sunday, little time is left for a House-Senate conference on Social Security.

The supplemental appropriations bill includes more than \$1 billion worth of foreign aid for Asia and the Middle East. Its course was prepared before the Christmas recess, when Congress approved legislation authorizing the spending, but forbidding use of ground combat forces or military advisers in Cambodia.

The big defense money bill has been blocked by controversy about restrictions on the use of U.S. forces in Southeast Asia outside of South Vietnam.

In that one, the Senate had prohibited use of ground combat troops in Cambodia, Laos and Thailand. But in conference with the House a waiver was added, declaring the ban would not prevent President Nixon from taking any steps he deemed necessary to promote safe and orderly withdrawal of American forces from South Vietnam, or to win release of U.S. prisoners of war.

A bloc led by Sen. J.W. Fulbright, D-Ark., opposed that provision.

To get around the dispute, the Senate rejected the compromise defense money measure, forcing a new round of conferences with the House. The new negotiations are expected to produce a bill stripped of the waiver.

The long night's work left the stalemate over a \$210-million appropriation for the supersonic transport plane as the major obstacle looming in the path of adjournment.

Decomposed Body Is Identified

MORRILTON, Ark. (AP) — Conway County Sheriff Marlin Hawkins said Monday night that a decomposed body found Sunday afternoon near Plumerville had been tentatively identified as Isaiah Oates, 22, of Center Ridge.

Hawkins said Oates' family had identified bits of clothing and a set of car keys found near the body unlocked the ignition on the Oates' family car.

The sheriff said Oates has been missing since Dec. 21, 1968, when he left home to go to a Christmas party. Officers said Oates did not make it to the party nor did he return home.

Vietnamese Repulse Enemy Raid

SAIGON (AP) — North Vietnamese and Viet Cong troops attacked a South Vietnamese infantry unit in Cambodia before dawn today and were repulsed in fighting that raged into mid-morning, officials said.

Seventy-four enemy soldiers were reported killed, the highest number claimed by South Vietnamese troops in a single action in Cambodia in several months. Artillery and fighter-bomber attacks were credited with most of the losses.

The South Vietnamese battalion reported 10 men killed and 36 wounded. The assault took place while the unit was camped for the night six miles southwest of the rubber plantation town of Mimot, near the Cambodia-Vietnam border.

South Vietnamese troops sweeping through the U Minh forest in South Vietnam's western Mekong Delta said today they had killed 30 Viet Cong troops in scattered contacts. South Vietnamese losses were five killed and six wounded, military sources said.

Fifteen enemy troops were reported killed by government forces elsewhere, and U.S. troops reported killing seven in fighting in Binh Tuy Province, 80 miles east of Saigon.

One American was reported killed in fighting between the 101st Airborne Division and North Vietnamese forces southeast of Hue. No enemy losses were reported.

The U.S. Command also said a U.S. Navy A7 Corsair II attack bomber crashed from unknown causes during a mission over Laos. The pilot was rescued in good condition, the command said.

Meanwhile, the U.S. Navy transferred to the South Vietnamese navy control of river and canal operations in South Vietnam's southernmost province. The U.S. Navy also announced it will turn over 125 small combat vessels to the South Vietnamese in a ceremony in Saigon Wednesday.

In Saigon, anti-American students made two attacks on American military buses near a student housing complex in Cholon, Saigon's Chinatown, and burned out one of the vehicles. Nobody was hurt. The students are still angry about the killing early this month of a Vietnamese student by an American soldier in Qui Nhon, on the central coast.
